L O N D O N, DECEMBER 23.
KW Mediterranean passes are ordered to be made out, duplicates of which are to be sent to the Algerines, and other Barbary powers.
On Friday last Robert Wood, Esq; member for Brackley, killed his Majesty's hand, on being appointed Green-Porter, in the room of Francis Buller, Esq; member for Westmor, deceased.

On Monday evening the ingenious and much-esteemed Dr. Benjamin Franklin, arrived here from Philadelphia, in consequence of an appointment from the General Assembly there, to assist in transacting the affairs of that province for the ensuing year.

A few days ago was married at Salisbury, Charles Garth, Esq; eldest son of John Garth, Esq; member for Devizes, to Miss Fanny Cooper; youngest daughter of John Cooper, Esq; of Camberwell, in the said county.

Yesterday morning about ten o'clock, came on in the Common Pleas at Westminster, the trial between Mr. Beardmore and the Earl of Halifax, which lasted till past six o'clock in the evening; when the jury, after withdrawing for three quarters of an hour, brought in a verdict for Mr. Beardmore, with 1500l. damages.

Yesterday morning came on, in the Court of Common Pleas, Westminster, the several trials of the Rev. Mr. Entick, Messrs. Fell and Wilson, Bookellers, and Mr. Meredith, Clerk to Mr. Beardmore, plaintiffs, and the Earl of Halifax and others defendants; by four different juries; when the first Gentleman had a verdict of 20 l. the second of 20 l. the third of 40 l. and the last of 200 l.

They write from Petersburg, that twelve experienced geographers have lately returned from completing a survey of the extensive province of Siberia, which will soon be published: Their accounts are so favourable, that public roads are to be made next summer at the expense of the Empress.

DECEMBER 15.
On Wednesday night an express arrived at St. James's, with advice of the happy delivery of her Royal Highness the Princess Augusta, Consort of the Hereditary Prince of Brunswick, of a Princess, on the 3d instant.

The Commissioners of his Majesty's customs in England, and the plantations, have appointed the Hon. Eliphaz Dyer, Esq; to be comptroller of the port of New-London; and George Mills, Esq; to be Comptroller for the port of New-Haven.

They write from Hamburg, that a Dutch Captain of great experience, named Paulus Van Gilsen, has lately entered into the service of Russia, to command a naval expedition early next summer, fitted out by order of the Empress, for making farther discoveries in the sea of Great Tartary.

We are credibly informed, that the present state of the fortifications of Dunkirk has been the subject of some late councils, as it appears they are far from having been reduced to the state settled in the late treaty; which has occasioned dispatches to be sent off this week to the Court of Versailles.

They write from Lisbon, that the Corrican agents have very lately bought up at an advanced price, four Bermudian built vessels, reckoned swift sailers, which arrived from North-America in August last, with cargoes of fish and oil, and were to be sold at that place. They are capable of mounting fourteen four pounders each.

It is said a bill for registering a certain number of seamen to be constantly kept up for the service of the royal navy, is now ready for the inspection of Parliament; which, if passed, will, in a great measure, prevent the future unconstitutional method of pressing on any emergency.

DECEMBER 18.
The new-born Princess, daughter to the Hereditary Prince and Princess of Brunswick, will be baptised by the name of Augusta. The King of Great-Britain, the King of Prussia, Prince Henry of Prussia, the Duke of Brunswick, the Princess Dowager of Wales, and the Dutchess of Brunswick, are to be sponsors.

The 15th of January next is fixed for the ceremony of the marriage of the King of the Romans with the Princess Josephina of Bavaria. There will not be any triumphal arches or illuminations; all possible economy being, as we are told from Vienna, to be observed on the occasion.

Letters from Paris of the 7th instant say, that an edict of the French King's has just been registered there in parliament, whereby his Majesty dissolves the society of the Jesuits for ever; but permits them nevertheless to reside in his kingdom as individuals, under subjection to the spiritual power of the Priests of the places where they reside, on conforming themselves to the laws, and behaving all in respects as becomes good subjects. By the same edict an entire and perpetual stop is put to all criminal proceedings that have been commenced against them on any account whatsoever.

On Monday last in the forenoon came on at Guildhall, before the right hon. Sir Charles Pratt, and a special jury of merchants, a remarkable cause, in which John Minto, a gentleman from North-America, was plaintiff, and Capt. Houlton, of the navy, defendant, for illegally confining the plaintiff on board one of his Majesty's ships at Nova-Scotia, above six months. The trial lasted about three hours; on which occasion Mr. Serjeant Davy, greatly displayed his love of that freedom, for which he pleaded; and my lord gave his charge to the jury, with that eloquence and regard to his country's laws, for which that truly great man is so eminently distinguished. The jury, after a short absence, gave a verdict for the plaintiff of 400l. damages with costs. On this trial his lordship observed, that he never had been, and indeed never thought to be able, to ascertain the price of an Englishman's liberty.

In relation to Mr. Beardmore's having 1500l. damages given on Tuesday last, against the Earl of Halifax, it should be observed, that on a former trial he had a verdict of 2000l. against the messengers, and that the verdict for the 1500l. included the first 1000l. by which the Earl of Halifax is made liable to make

good the verdict against the messengers. Mr. Butler had only 201. damages, as he had already received satisfaction for the 300 l. given in his suit against the messengers on a former trial. Letters from Warsaw advise, that the coronation of the King, on the 25th of last month, was performed in the parochial church, and began about nine in the morning. The King confirmed the Palda Convent by a new oath, and by waving his sword in the air. His Majesty then ascended the throne with the crown on his head, and holding the sceptre and globe. He was crowned with a crown, bordered with ermine. The Deum was sung under a discharge of cannon, and the crown and Lithuanian standards displayed. After service the King returned to the castle, under a grand canopy, and received the compliments; and when dinner was served up, the King was placed at a table alone, and was waited on by the great officers. When dinner was over, his Majesty retired to his apartment. The next night there was a grand supper, and also a masquerade ball. On this occasion Prince Repnin, the Russian ambassador, Prince Czartorinski, general of Podolia, and Count Poniatowski, his Majesty's brother, were invested with the ensigns of the order of the Black Eagle.

It is now said the scheme for imposing a stamp duty on the American colonies, having been found impracticable as to the mode of collection in that country, is now laid aside; in lieu whereof, an additional duty, we hear, is proposed to be laid on stationary wares exported to America from England.

DECEMBER 20.

Some letters from Petersburg mention, that the Empress of Russia had declared to her senate, that the state of the Prince her son's health, had been examined into by several physicians appointed by her for that purpose; who had made their report, that the Prince was of a very weakly constitution, and apparently would not enjoy long life; the Empress desired the senate, therefore, to think in time of a proper person to succeed her in case of the Prince her son's death; which step, she observed, might probably prevent many calamities happening hereafter.

Yesterday morning at eleven o'clock died, at his brother's house in Privy-Garden, the right Rev. Dr. George Stone, Archbishop of Armagh, and Primate of all Ireland.

Among the ships of war now fitting out, we are informed a small squadron is ordered to cruise between Cape-Florida and the west end of Cuba, for the defence and security of the English navigation in the gulf.

DECEMBER 25.

Private letters from France mention, that a new treaty of commerce has just been concluded with the court of Madrid, whereby the subjects of the former are to enjoy an exclusive privilege of trade to the South-Sea, and other Spanish settlements in America, on paying certain duties agreed upon. It is said that this treaty is far more beneficial to France, than any hitherto subsisting between the two nations.

An officer late in the service of the India Company, has found out a more commodious method of making gun carriages, which are greatly accelerated by springs, and can be work'd and drawn by half the number of men and horses than heretofore practised.

DECEMBER 27.

His Majesty has been pleased to grant letters patent appointing the right hon. John Earl of Hyndford to be Vice-Admiral of Scotland, in the room of the right hon. James Earl of Findlater, deceased.

His Majesty has also been pleased to appoint the right hon. Hugh Earl of Northumberland (Lord Lieutenant of Ireland) to be Vice-Admiral of all America.

Some late letters from France mention, that a second expedition is now fitting out for their new discovered island on the coast of South-America, near Straits Le Mar, to be accompanied with transports, and every requisite for continuing the settlement, notwithstanding which, politicians look upon the whole story in the light of a political mystery, which time only can discover.

DECEMBER 29.

Yesterday Montfort Browne, Esq; had the honour of kissing their Majesties hands, on being appointed Lieutenant-Governor of West-Florida, in America.

Wednesday was married Mr. Thomas Ingram, brazier, in Southwark, aged 35, to the widow Leigh, in the 79th year of her age. Thirty-two children and grand-children of the bride and bridegroom were at the wedding.

ON THE LIBERTY OF THE PRESS.

IN good Queen Anna's days, when Tories reign'd,
And the just Liberty of the Press restrain'd,
Sad Whigs complain'd, in doleful notes and sundry,
O Liberty! O Virtue! O my Country!
But when themselves had reach'd the day of grace,
They chang'd their principles, as well as place.
From Messengers secure no Printer lies,
They take Compellers, Press-men, Devils, Flies,
What means this change? The turn of all the story's,
Tories depose Whigs, and Whigs in pow'r are Tories.

JANUARY 1.

The last letters from Warsaw mention, that Count Poniatowski, his Majesty's brother, was soon to set out for London to execute affairs of great importance between the two crowns. Epitaph on a Sea Officer in Terryhan Church yard, in the county of Fife, in Scotland.

AT Anchor left, in Death's dark Hold,
Lies honest Captain Hall,
Who serv'd his Country and his God,
With upright heart and will.
In social life, sincere and just,
To vice of no kind given;
So that his better part we trust,
Has made the Port of Heaven.

ODE TO POMPEY,
A Puppy, playing with CONSTANTIA in Bed.

In Imitation of MATASTASIO.

HAPPY Pompey! which can be,
Of puppy dogs, compar'd with thee.
On CONSTANTIA's bosom lying,
Kissing her for whom I'm dying;
O'er her endle's beauty sporting
When the nymph is gayly court'ing,
And with huggs and smiles repaying
Kisses and barks and wanton playing.
Gentle whelp, all whelps excelling,
Let us change a while our dwelling;
Sighing, pensive, take thy stand,
Grow a lover out of hand;
Silent, trembling, much desiring,
Seem for me a wretch expiring;
Whilst some God that hears soft wishes,
(Happiest thou of fons of bitches!)
Lays me, in thy form conceal'd,
On her lovely breast reveal'd;
Venus was not half so fair,
Meeting first the God of war.
Happy Pompey! by thy aid,
Could I press the lovely maid,
Her ADMIRER then should be,
But a puppy dog to me!
But, O Pompey! 'twere in vain
To expect thy form again,
After her ambrosial kisses,
And ten thousand tender blisses,
She should give and I should take,
Happy Pompey, for thy sake,
No! condemn'd to secret anguish,
Wretched sigher, thou should'st languish,
Silly animal, a lover,
Without hope or charm to move her;—
Till to streams, or willows flying,
You'd, too late, escape by dying. VERAMORE.

B A R B A D O S, JANUARY 19, 1765.

By the KING'S AUTHORITY.

PUBLIC Notice is hereby given, That the Commissioners appointed by his Majesty for the Sale and Disposal of Lands in the Islands of Grenada, the Grenadines, Tobago, St. Vincent, and Dominica, are (in Consequence of Resolutions taken at a Board held in Barbados the fifth Day of January, One Thousand Seven Hundred and Sixty-five) about to proceed immediately to the several Islands that are the Object of their Commission, for the more speedy and effectual Execution of his Majesty's Instructions.

That they shall accordingly, in Conjunction with the Governor-General of the Grenades and Neutral Islands, or in his Absence with the Lieutenant-Governor of each Island respectively, proceed to divide the Islands of Tobago and St. Vincent into convenient Districts or Parishes, and set apart, in these and the other Islands, such Lands (in the most convenient Situations) as shall be thought most proper for Fortifications, Yards for the Use of the Navy, and other military Purposes.

That the said Commissioners shall determine on a proper Situation in every Parish for a Town convenient for Trade and Navigation; such Towns to consist of Lots of different Size and Extent for Houses to which Gardens or Fields will be annexed, not exceeding six Acres, to any one Town Lot: And that in laying out such Town-Lots, they shall reserve convenient Places for Wharfs and Quays, and for all other necessary public Uses; and reserve in every Parish such Wood-Lands as shall seem necessary for the Construction and Repair of Fortifications and public Buildings, and to prevent that Drought which in these Climates is the usual Consequence of a total Removal of the Woods.

That they shall also trace out the Direction of all great Roads in each Island respectively, for the Convenience of Communication between Town and Town, and set out Roads between the Allotments of Plantation Lands, for the Convenience of the Purchasers thereof.

That uncleared Lands shall be set apart in each Parish for such poor Settlers as shall apply to the Governor-General of the Grenades and Neutral Islands, or the Lieutenant-Governor of the Island where such Lands lie, for the same.

That the native Caribbees of St. Vincent are to continue undisturbed in the Possession of their Cottages and Grounds.

That with respect to the cleared Lands in the Islands of St. Vincent and Dominica, as the same have been occupied by the French in open Violation of the Faith of Treaties made between the Crowns of Great-Britain and France, and in express Contradiction to the public Orders issued by the Court of France; and as no Authority has been given to any of the Governors to make Grants thereof, the Commissioners are forbid to allow of any Establishment of the French, in Consequence of the Settlements made by them in the said Islands: But his Majesty has nevertheless been graciously pleased to encourage the present French Inhabitants to continue under his paternal Care and Protection, on certain Terms, Restrictions, and Reservations; and the Commissioners accordingly shall and will, with all convenient Speed, proceed to execute his Majesty's Instructions on that Head, as follows:

That is to say, To such of the French Inhabitants of the said Islands as shall take the Oath of Allegiance, and make and subscribe the Declaration of Abjuration, Leases shall be prepared and granted by the Commissioners, which shall also pass under the Seal of the Government of Grenada, and be registered in the Office of the Secretary of the Island where the Lands lie, of such cleared Lands as were in the Possession of the said French at the Time of the Surrender of the Islands aforesaid, and still are in their Possession (together with such small Parcels of contiguous Lands in Wood as may be convenient to the Lessee, and which the Commissioners may think reasonable to insert in such Lease) unless such cleared Lands are found necessary for public Uses; in which Case other Lands shall be allotted them in Lieu thereof, and the full Value and Improvements shall be ascertained, and Compensation made for them in the most fair and equitable Manner.

That such Leases shall be for Fourteen, Twenty-one, Thirty-two, or Forty Years, at the Option of the Lessees; or for Fourteen Years, renewable at the Pleasure of the Lessee, for a Number of Years not exceeding Forty in the Whole: And, in Consideration of which Leases, such Fines and Quit-rents shall be paid down, as are thought proportionable to the Term of Years and Quality of Land.

That the Lands so demised shall not be assignable to any other Person, without a Licence first had from the Governor-General of the Grenades and Neutral Islands, or Commander in Chief for the Time being, and approved by the Lords Commissioners for Trade and Plantations.

That the Lessee shall reside one Half of the Year in the Island where the Lands lie, and in Cases where Lands were held before the late Peace by several French Proprietors jointly, some of whom are since retired from them, they are to be severed into Parts, and Indulgence shewn in the Division to those who are contented to remain and receive their Portions, and who will also enjoy every Advantage that peculiarly belongs to British subjects.

That in Case any French Inhabitants should rather prefer uncleared Lands in any of the Islands to the cleared Lands on the Terms above-mentioned, uncleared Lands, unincumbered with the Terms of the Lease, shall be allotted them in Lieu thereof by the said Commissioners; and they shall moreover be paid the Value of the Buildings they leave.

That these Provisions shall not however extend to such as occupy more than Five-hundred Acres in the Island of St. Vincent, and Three hundred Acres in the Island of Dominica: If any such there be, the Commissioners shall reduce their Possessions to those Numbers, and dispose of the Surplus in the same Manner as of Lands not occupied by French Inhabitants.

That the Commissioners are empowered by his Majesty to determine who are to be deemed French Inhabitants, and what Lands they shall be deemed possessed of, within the Meaning of the King's Instructions: That religious Communities are not to be considered as included herein; such Lands as they have been possessed of will be sold for the public Benefit.

That no Grants, Bargains, or Sales whatever, hitherto made (excepting legal Sales in Grenada and the Grenadines) will be attended to or allowed of, as his Majesty has been pleased to declare that no Authority has been granted to any of his Governors for this Purpose. His Majesty has notwithstanding been pleased to except twenty-five Town Lots, consisting of forty Feet in Front, and one hundred and fifty Feet in Depth, granted by Governor Dalrymple in the Town of Charlestown, in the Island of Dominica: And the Commissioners are directed to confirm these Grants, by giving to the several Grantees Certificates that the said Lots were so conveyed to them; which shall intitle them to Grants thereof under the Seal of the Islands, provided they agree to insert in such Grants the same Conditions as are in all other Grants of Town-Lots.

That with Respect to all Lands in any of the Islands which are the Object of the Commission, and which are not comprised within the above Description of Lands reserved for public Uses; Lands set apart for poor Settlers; Lands which are the rightful Property of the Inhabitants of Grenada and the Grenadines, or that may be leased out to the French Inhabitants of Dominica, or St. Vincent, or possessed by the native Caribbees; they shall be divided into Allotments for Plantations; to con-

sist, in the Islands of Grenada and the Grenadines, Tobago, and St. Vincent, of not less than One Hundred, nor more than Five Hundred Acres; and in the Island of Dominica, of not less than Fifty, nor more than Three Hundred Acres of Land: In doing of which, Care will be taken that each Lot shall have every Convenience that the Circumstances and Nature of the Ground will admit of.

That the said Town-Lots, and Garden or Pasture Ground, shall be laid out with all convenient Speed, in order that, if uncleared, the Governor-General of the Grenades and Neutral Islands, or the Lieutenant Governor of each Island respectively, may dispose thereof to such as apply for them; or, if consisting of cleared Land, that they may be sold, in like Manner as the Plantation Lands hereafter mentioned, by public Auction; subject in either Case to the Conditions, that a Dwelling-house, Shop, Warehouse, or Out-house, shall be erected thereon within the Space of two Years from the Date of the Grant; and a Quit-rent of One Penny Sterling per Foot in Front for the Town-Lot, and Six-pence Sterling per Acre for every Acre of Garden or Pasture Ground: And the Sale and Grants of such Town and Pasture Lots, and also Grants to poor Settlers, shall be irrevocable.

That the Plantation Allotments aforesaid, as well of uncleared Lands as those cleared, which have been occupied by religious Societies, or which, by Reason of the Absence or Refusal of French Inhabitants, shall not be granted on Lease in the Manner above directed, shall be put up to Sale, at a Price not less than Five Pounds Sterling per Acre, if the Lands are cleared, and not less than One Pound Sterling per Acre, if the Lands are uncleared; and be sold by public Auction to the highest Bidder, at the general Sale to be held twice in every Year, in the most healthy Seasons, either at Grenada, or the Island where such Lands are situated, on the following Terms and Conditions, that is to say:

That no Person shall be permitted to purchase from the Crown, either in his own Name, or in the Name of others in Trust for him, more than Allotments to the Amount of Five hundred Acres in the Island where the Lands lie, or more than Three hundred Acres if in the Island of Dominica.

That the highest Bidder for each Lot shall be declared the Purchaser, who shall thereupon pay down twenty per Cent. of the whole Purchase Money, and Six-pence Sterling for each Acre of which his Lot shall consist, to defray the Expence of surveying the same; whereupon he shall receive a Bill of Sale and a Certificate from the Commissioners of his being the highest Bidder; upon producing which Bill of Sale and Certificate to the Governor-General of the Grenades and the Neutral Islands, or Commander in Chief for the Time being, he shall be intitled to a Grant in Fee Simple (under the Seal of the Islands) of the Lands by him purchased, and take Possession thereof, such Grant to be registered in the Secretary's Office of the respective Island where the Lands lie.

That in Case of Fraud, Collusion, or other Contravention to the King's Instructions, and not otherwise, the Grant shall be revocable for the Space of twelve Months from the Date thereof, by the Lord High Treasurer or the Lords Commissioners of his Majesty's Treasury for the Time being; but, if not revoked, within that Term, the same shall then be absolute; if revoked, Notice thereof shall be immediately given, and the Money returned to the Purchaser with the usual Interest of the Island; and Compensation also made for all Sums of Money which shall bona fide have been laid out for the Clearing, Improving, or Building on any Part of the Lands contained in such Grant, to be ascertained by Arbitration, and the Lands shall be again put up to Sale.

That of the Purchase Money remaining due, ten per Cent. more than the twenty per Cent. above-mentioned, shall be paid within the first Year after the Date of the Bill of Sale, ten per Cent. the second Year, and twenty per Cent. every successive Year, until the whole shall be paid: But, in Default of any of the said Payments, the Lands shall be liable to be forfeited, and again sold, in order that the King may be first paid, and the Residue shall be the Property of those before intitled to it.

That from twelve Months after the Date of the Grant, the Purchaser shall clear away at the Rate of five Acres in the Hundred annually, until one Half of the cultivable Land shall be cleared, under a Penalty of Five Pounds Sterling per Acre for every Acre not cleared, in Pursuance of this Condition.

That for every hundred Acres of cleared Land the Purchaser is or shall be possessed of, he shall keep thereon one white Man, or two white Women, under the Penalty of Forty Pounds Sterling for every white Man, and Twenty Pounds Sterling for every white Woman that shall be wanting; and pay an annual Quit-rent of Six-pence Sterling per Acre on whatever cleared Land he has purchased, or shall clear in Pursuance of the Conditions required.

That a Reservation shall be made to the King of all Gold or Silver Mines which are now, or may hereafter be discovered in the said Islands.

That the first Sale shall commence in the Island of Tobago on Tuesday the 14th Day of May next.

That Tuesday, the 28th Day of May next, shall be the first Day of Sale in the Island of St. Vincent.

That Tuesday the 11th Day of June next shall be the first Day of Sale in the Island of Dominica.

That each Sale shall be continued every successive Day, until the same shall be completed.

That the Commissioners in the mean Time shall proceed to settle Terms with the French Inhabitants of St. Vincent and Dominica, and execute Leases with them, as directed by his Majesty.

That all Payments of Fines for Leases, as well as of purchase Money, shall be made conformable to the King's Instructions to the Receiver, in good Gold Specie, to be taken by Weight, at the Rate of three Pounds, eighteen Shillings and Three Pence Sterling per Ounce.

That Advertisements descriptive of the Situation and Soil of each Allotment shall be published as soon as possible; and,

That although no particular Description can yet be given of the Land to be sold at the first Sale in each Island, yet, in general, it may be proper to inform the Public, that the Lots to be sold in Tobago will lie chiefly in the Neighbourhood of Great Cowland Bay, Man of War Bay, Great Rockley Bay, Cochongras Bay (now called Barbados Bay) and Little Hog Bay.

That Towns shall be laid out in each of these Bays with all convenient Speed.

That the Sale in St. Vincent shall consist of uncleared Lands, as well as the valuable Tracts of cleared Land that may have been occupied by religious Societies, or not granted on Lease, by Reason of the Absence or Refusal of the late French Possessors: And

That Towns shall be laid out contiguous to the Bay of Westignury and Baroual-ley, or elsewhere, as may be thought expedient.

That the Sale in Dominica will consist of uncleared and valuable cleared Lands as has been explained concerning St. Vincent, including the Estates possessed by the Society of Jesuits, near Grand Bay, so well known for their superior Excellency and Improvements: And

That in particular a Town, and Plantation Allotments, shall be laid out, at Prince Rupert's Bay.
